**REQUEST FOR CORRECTED FILING RECEIPT**

Commissioner of Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

A Corrected Filing Receipt is hereby requested in view of the errors which appear on the original document. For the convenience of the Patent and Trademark Office, attached is a photocopy of the original Filing Receipt on which the errors have been noted thereon.

First, Applicants note that the new attorney docket number for this file should read "36689.250." Applicants respectfully request that the attorney docket number be corrected to reflect this change.

Second, please be advised that the filing receipt does not correctly identify the domestic priority data information. The domestic priority data should read as follows:

**This application is a 371 of PCT/US03/20746 filed June 30, 2003 which claims the benefit of the filing date of U.S. provisional patent application serial number 60/392,725, filed on June 28, 2002.**

Next, Applicants note that the filing receipt incorrectly lists the foreign application as "United States of America, 10/271,101, 10/15/2002." Applicants respectfully request that the Patent Office remove this reference to a foreign application for above-referenced application.

In addition, Applicants note that the title of the said invention is entered incorrectly as "System and method for providing computer upgrade information." Please change the title to reflect the title as originally filed as shown:

**rAAV Compositions and Methods for Delivery of Human Factor VII Polypeptides  
and Treatment of Hemophilia A**

In view of the above-noted inaccuracies, Applicants respectfully request the issuance of a corrected filing receipt incorporating the changes as requested herein prior to the projected publication date of September 21, 2006.

Should any fee in connection with the filing of this document be deemed necessary, the Commissioner is hereby authorized to charge Haynes and Boones, LLP Deposit Account No. 08-1394, Order No. 36689.250.

Respectfully submitted,

Mark D. Moore, Ph.D.
